LOGGED

MEMORANDUM FOR: Deputy Director for Development and
Engineering, OIT, DA

FROM:

[Redacted]

SUBJECT: Request for Elevation of OIT Application to
Production Status

This memo requests that the Electronic Cable Origination Handler (ECOH) program, developed by your organization for use in the DO, be designated as a "production" system. This system is now being used in the DO to support a critical operation on a 24-hour, 7 day-a-week basis, and we thus need the level of OIT programmer support commensurate with such status. I understand that you provide such support only for production systems, such as AIM, MPS and the operating systems.
